

SIZZLIN SUMMMER

New Mural created by Zach Long

TRAVELING HOME

We had an amazing summer despite the heat. WRYC hosted over 800 campers, 161 new campers and we were blessed to witness 30 baptisms! God is so good! This summer, we packed our bags as travelers traveling through this world keeping our eyes fixed on our home which is Heaven. We thank everyone who came together who made this summer one of the best. We had over 60 bible teachers and nearly 100 volunteers who worked in the kitchen, the office, the nurses station, or renovated and upgraded our buildings. God is active and visible in the ministry at White River Youth Camp.

2022 HIGH SCHOOL FALL RETREAT

While the world struggles with who they are, we are secure in our identity. Come join us October 21 – 23 for our High School Fall Retreat led by Rotan Church of Christ. Our focus will be our identity found in Jesus Christ. Fall Retreat is coming a week earlier than normal. Plan ahead and come for some food, fellowship, games and worship. We hope to see you all soon!

DID YOU KNOW!!

Do you know about the many renovations that are happening at WRYC! Over the summer, the Beene Mercantile buildings, which were dedicated to Mama and Papa Beene last year, have received a facelift inside and out. Special thanks to Sam Wallace, who purchased and put in our interior floors and trim. Also, a big shout out to the many team members from Sunset Church of Christ and AIM who helped design and decorate the exterior of our newest buildings. This has been a beautiful transformation.

Since 1977, the Opry House has hosted hundreds of talent shows, spiritual graffities and award ceremonies. WRYC has been blessed with receiving a significant donation which has begun the construction of a new all-purpose building. Additionally, the Opry House is currently receiving an upgrade. Thanks to another doner, the Opry House is transitioning into more housing. Over the summer, we had several staff and volunteers who were in need of housing. The Opry House will now be the Moses Opry House Hotel, which will hold housing, private baths, an additional laundry room and a small kitchen. Don't you worry, the stage will not be moved. We are excited to see all the new additions that will help expand our summer fun!

WAYS TO HELP

WRYC is a nonprofit organization and we solely depend on the help and support from those whose hearts are moved to further God's mission using WRYC. We don't want any child to miss hearing the gospel, being in fellowship with godly peers and counselors, or building a relationship with friends and God; therefore, we will never turn a child away because of financial hardship. Though we are 8 months from our next summer camp, we are looking for financial support to help us prepare for another full summer next year. If your hearts are moved to help us, please scan the QR code which will take you to our support page on our website.
